1. DESCRIPTION OF PROCUREMENT

The Ministry of Internal Affairs of the Republic of Kosovo (MIA) invites bids for the design, development, deployment, and 24-month maintenance of a Digital Identity and Civil Registration Platform. The platform shall provide citizens and civil servants with secure digital access to civil registration services including birth, marriage, and death certificate issuance, national ID card management, population registry data, and address change processing.

The system must integrate with the Kosovo national e-ID infrastructure, the Civil Status Agency database, the Kosovo Police biometric systems, and the ATK payment gateway for certificate fees. The platform must support bilingual interfaces (Albanian and English), role-based access control for civil servants, and full audit logging compliant with Kosovo data protection legislation.

2. SCOPE OF WORK

2.1 Core System Modules

- Citizen-facing self-service portal for civil registration requests
- Civil servant back-office case management system
- Integration layer with e-ID infrastructure and Civil Status Agency
- Digital document generation (PDF certificates with digital signatures)
- Payment gateway integration with ATK

- SMS and email notification system
- Administrative dashboard and reporting module
- Mobile-responsive design (iOS and Android compatible)

2.2 Technical Requirements

- Cloud-hosted architecture on a compliant EU or Kosovo data centre
- 99.5% uptime SLA with disaster recovery capability
- End-to-end encryption for all citizen data
- OAuth2 / OpenID Connect authentication compatible with Kosovo e-ID
- REST API architecture with full API documentation
- Load capacity: minimum 10,000 concurrent users
- WCAG 2.1 AA accessibility compliance

3. ELIGIBILITY CRITERIA

Bidders must meet ALL of the following mandatory eligibility requirements:

3.1 Business Registration

Company must hold a valid business registration certificate from the Kosovo Business Registration Agency (KBRA) or equivalent authority in the bidder's country of registration.

3.2 Tax Compliance

A current tax compliance certificate issued by the Kosovo Tax Administration (ATK) or equivalent authority must be submitted, valid within the last 90 days.

3.3 Comparable References

Bidder must demonstrate at least three (3) successfully completed software platform or e-Government projects from the last five (5) years, each with a contract value of at least EUR 50,000. At least one reference must involve a government or public sector client. References must include signed client confirmation letters.

3.4 Key Expert CVs

CVs must be submitted for the following named roles: Project Manager, Solution Architect, and QA Lead. Each expert must demonstrate relevant experience in public sector digital projects. Named experts must be exclusively available for this contract.

3.5 Implementation Plan

The bid must include a detailed implementation plan covering: requirements discovery and stakeholder mapping, system design and development sprints, integration testing, user acceptance testing, staff training, go-live support, and 24-month post-deployment maintenance.

3.6 Maintenance Pricing

The bid must include a 24-month maintenance and support pricing schedule, specifying response times for each support tier, included services, and monthly or annual pricing structure.

3.7 Signed Declarations

Bidder must submit a signed declaration of no conflict of interest, no blacklisting, and no active bankruptcy or liquidation proceedings.

4. EVALUATION AND SCORING CRITERIA

Bids will be evaluated on a 100-point scale as follows:

Criterion	Weight	Evaluation Basis
